The heights by great men reached and kept
Were not attained by sudden flight,
But they, while their companions slept,
Were toiling upward in the night.
(H.W. Longfellow)

OUR VISION	OUR MISSION
To be a key factor for the economic and social transformation of the people of the people of Arki region	To provide multi-dimensional holistic education to the students for enlargement of intellectual and human dimensions

A Brief Profile

Since its inception in the year 1994, Government College Arki has proved to be an important educational landmark of District Solan and is imparting education at the undergraduate level in all the three streams, viz., Science, Humanities and Commerce under the Choice Based Credit System (CBCS). In addition to these, Bachelor of Computer Applications (BCA) - a job orientation degree course –has also been introduced. Located in pristine, picturesque surroundings of BatalGhatti, just 4 km from Arki, the college offers a very conducive environment for learning and envelopes even those who have the propensity to go wayward. The college, affiliated to H.P. University - Shimla, has brought higher education to the doorsteps of every household in the vicinity. Now, the students don't need to go to other places for their higher learning.

Starting its journey on 15 July, 1994 from the campus of GSSS, Arki, initially for two months and thereafter in a temporarily modified premises of I & PH Department, Arki this NAAC accredited, coeducational institution has evolved as a fountain head of learning providing quality education to the students of this primarily rural area. The number of students has exponentially risen from 110 in the first batch in 1994 to 1149 in 2018. The college was shifted to its present sprawling campus at BatalGhatti in 1998. Here, it has separate Arts, Science and Administrative Blocks. The Science-Block was constructed with a substantial amount of three crores whereas the construction of the Arts-Block was sponsored by the Gujrat Ambujaa Cement Ltd. Today, the college possesses adequate infrastructure in terms of class-rooms, laboratories, a library, a well-equipped computer lab with wi-fi connection and a playground etc. To cater to the needs of SC and ST students (only girls) a four-storeyed hostel has also been constructed. However, the journey has not come to an end here only. Keeping in view the future educational scenario the college is exploring the possibilities of offering professional courses like PGDCA, BBA, BTA & JMC etc as well as M.A. courses. That is why college is striving hard for its infrastructural expansion.

fo |;k·e`re`uqrs - The motto of the college, which means 'We taste immortality through knowledge', reflects the vision of the founder members of the college. They were wise enough to envision that the future would belong to people believing in 'meritocracy' and not 'mediocrity'. Keeping in with this dream the students also realize in all earnestness that 'quality' and not 'quantity' is the watch-word of the time. Hence, the excellent results in the university examination year after year and other co-curricular achievements of our students proves that they are continuing the traditions set by their predecessors. Our Alumni, who are making their presence felt in all walks of life, carry forth a legacy which exudes more responsibility than privileges. It is hoped that the college fraternity will consider it sacrosanct to keep the reputation of the institution unsullied.

INTRODUCTION TO UGC-CBCS (CHOICE BASED CREDIT SYSTEM)

Himachal Pradesh University, Shimla has adopted the UGC framework of curriculum under CBCS from the academic session 2016-17 for the purpose of ensuring uniformity in the standards of higher education and to provide the students quality education on at par with the best in India. The relevant details of the new UGC-CBCS are as follows:

The UGC-CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective/minor or skill-based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. Therefore, it is necessary to introduce uniform grading system in the entire higher education in India. This will benefit the students to move across institutions within India. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

Outline of Choice Based Credit System

1. Discipline Specific Core (DSC) Course: A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.

2. Elective Course: Generally, a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

2.1 Discipline Specific Elective (DSE) Course (2 each for regular courses): Elective courses may be offered by the main discipline/subject of study is referred to as Discipline Specific Elective. The University/Institute may also offer discipline related Elective courses of interdisciplinary nature (to be offered by main discipline/subject of study).

2.2 Dissertation/Project Work: An elective course of 6 credits, designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project work. A Project/Dissertation work may be given in lieu of a discipline specific elective paper.

2.3 Generic Elective Course (GEC): An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure to other subjects/disciplines is called a Generic Elective Course.

3. Ability Enhancement Courses (AEC)/Competency Improvement Courses/Skill Development Courses/Foundation Course: The Ability Enhancement (AE) Courses may be of two kinds: AE Compulsory Course (AECC) and AE Elective Course (AEEC). "AECC" courses are the courses based upon the content that leads to Knowledge enhancement. They [(i) Environmental Science, (ii) English/MIL Communication] are mandatory for all disciplines. AEEC courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

3.1 Ability Enhancement Compulsory Course (AECC): Environmental Science, English Communication/MIL Communication.

3.2 Skill Enhancement Courses (SEC) (Minimum 4): These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based instruction.

P.S.: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as **Generic Elective**.

Note: A student would be generally required to undertake the Skill Enhancement Courses (SEC) pertaining to the First Elective subject selected by her/him and the nature of the under graduate degree awarded to the candidate

upon the successful completion of the course will be dependent upon it. For example, if a candidate has opted for History/Chemistry as her/his First Elective and completes four SE courses in History/Chemistry, s/he will be awarded the degree of B.A. with History/B. Sc. with Chemistry respectively.
